

New Source Review newspaper advertisements for construction permit applications, January 26, 2017. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on the following dates: January 25, 2017, or February 1, 2017. Public notices are generally published every week. The previous publication of public notices was January 19, 2017.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Scepter, Inc. with a mailing address of 1485 Scepter Lane, Waverly, TN 37185. They seek to obtain air contaminant permit(s) for a Mulling Mill and an Eddy Current Operation and associated equipment at the following location: 43-0006-31 and 32/972361 and 972362 for 1485 Scepter Lane, Waverly, Tennessee 37185. The requested operations are for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Humphreys County "News Democrat"--- publish once on Wednesday, January 25, 2017.

The applicant is A.G Peltz Group, LLC with a mailing address of P.O. Box 102065, Birmingham, AL 35210. They seek to obtain an air contaminant permit (Division identification number: 74-0477-01/972394) for construction of a temporary roller compacted concrete (RCC) plant and associated operations for the Lowe's Distribution Center located along York Road in Coopertown, TN. This proposed project will consist of a single continuous mix pug mill operation for the short-term production of RCC for the Lowe's Distribution Center. The continuous mix pug mill is powered by a diesel engine and contains a silo and a storage pig to receive cement. The silo is equipped with a cartridge fabric filter for particulate control. A stand-alone dust collector will be utilized for back-up in the event the primary unit malfunctions. Cement, aggregate, sand, and water are mixed in the pug mill resulting in the RCC mix that is loaded into delivery trucks. The entire pug mill operation is enclosed. Wet suppression is used on the raw materials and site roads for fugitive dust control. Additionally, a diesel engine will power the aggregate blending bins that feed the pug mill. There would be pollution control equipment. There would be physical construction. Regulated air contaminants would be emitted at this facility. Ms Jill Pratt is the assigned Division person.

For the Robertson County "Robertson County Times"-- publish once on Wednesday, February 1, 2017.
